

Torque testing bench technology LTC data sheet

Torque measurement up to 5,000 Nm

Static. Dynamic.

- » Torque measurement on the original bolt
- » Practical, 1:1 modelled on the real bolting process
- » Consideration of all influencing factors
- » Static and dynamic torque measurement up to 5,000 Nm

Technical data

LTC series (100-5,000 Nm)

The LTC is available for the following measuring ranges:

- » LTC-10 100 – 1,000 Nm
- » LTC-30 300 – 3,000 Nm
- » LTC-50 500 – 5,000 Nm
