**The stationary GEDORE  
spring compressor now  
with mobile work stand!**

Page 2-3

**SOLUTIONS**

**NEWS + PROMOTION 01.01. – 31.08.2024**

**MISSION: KLANN POSSIBLE**

*Time saving, safe, well thought out tools.*

## OPERATION BOARD

Made in Germany

### TIME SAVING

These tools especially save time and thus real money.

### SAFE WORK

With these tools, the focus is particularly on safety during use

### ONLY FROM GEDORE

These tools are protected by us by patent, utility model, or design patent

### MATERIAL-PROTECTING

These tools protect vehicle of spare parts from damage during removal and installation

### COMMERCIAL VEHICLES

These tools are especially developed and suited for the use on commercial vehicles

### TRANSPORTERS

These tools are especially developed and suited for the use on transporters

### PASSENGER CARS

These tools are especially designed and suitable for use on passenger cars

KL-5501 B Z

## SPRING COMPRESSOR

with mobile work stand

Universal fit for nearly all McPherson spring struts on the market. Fits particularly for right or left rising springs, conical springs, eccentric springs, springs with a low number of coils, springs with a high or varying spring pitch, spring struts with tension stop springs as well as for spring struts with electronic control and sensors.

### NOTE:

Available as of February 2024

- **UNIQUE, QUICK and SAFE**, simply **BETTER!**
- Tensions even the strongest springs - E-MOBILITY-READY
- Damage-free holding over the damper tube
- Safe tensioning directly via spring collar
- Spring form and pitch completely irrelevant
- No intervention into the spring necessary
- Maximum user safety
- Simplest handling
- One-man operation
- High load capacity
- 4-way safety
- Stable yet flexible thanks to mobile work stand
- Quick use of the spring compressor directly on the vehicle

Made in Germany

## STATIONARY SPRING COMPRESSOR

Made in Germany

Universal fit for nearly all McPherson spring struts on the market.

Fits particularly for right or left rising springs, conical springs, eccentric springs, springs with a low number of coils, springs with a high or varying spring pitch, spring struts with pulling shocks as well as for spring struts with electronic control and sensors.

- **UNIQUE, QUICK and SAFE**, simply **BETTER!**
- Tensions even the strongest springs - **EV VEHICLES**
- Damage-free holding over the damper tube
- Safe tensioning directly via the shock top bearing
- Spring **form and pitch** completely irrelevant
- No intervention into the spring necessary
- Maximum user safety
- Simplest handling
- One-man operation
- High load capacity
- 4-way safety

KL-5501-500

## MOBILE WORK STAND

for KL-5501 B

Made in Germany

Suitable for the stationary spring compressor KL-5501 B. (Not for KL-5501)

- For making the spring compressor mobile
- For flexible and variable use
- Easy to move thanks to castors
- Easy positioning by just one person
- Can be positioned near the vehicle
- Stable and safe thanks to rubber feet
- Easy to stow away thanks to compact dimensions

**NOTE:**  
Available as of February 2024

**NEW**

€590.00 + VAT

Code	No.	Design	Width	Height	Depth	Weight
3462242	KL-5501-500	adjustable	700 mm	605 mm	730 mm	35 kg

## KL-5501-1435 A ADAPTER RING

Fits spring struts with fork type mounting.

- Enables the safe holding of suspension struts with fork type mounting on the lower support of the stationary spring compressor **KL-5501 / KL-5501 B**

Suitability: universal, especially for:

Code	No.	Adapter Ø	Thickness
3406199	KL-5501-1435 A	57 mm	20 mm

€39.90  
+ VAT

## KL-5501-40 HAND CRANK

- The hand crank enables a simple and convenient drive of the stationary spring compressor **KL-5501 or KL-5501 B** when compressing and releasing a McPherson strut

Code	No.	Drive (hexagon)	Length
3402444	KL-5501-40	24 mm	195 mm

€72.00  
+ VAT

## KL-5501-31 COLLAR MOUNTING KIT

Suitable for Renault Clio IV (Type X98); Nissan Qashqai II (J11), VW (MEB platform).

- Enables the safe holding of the shock top mount on the spring compressor **KL-5501 / KL-5501 B**
- Easy placing of the adapter on the spring collar
- Inner diameter of the adapter 60 / 90 mm

2parts

Code	No.	Thickness	Inner Ø 1	Inner Ø 2
3406059	KL-5501-31	10 mm	60 mm	90 mm

€163.90  
+ VAT

## KL-5501-210 ASSEMBLY KIT for KL-5501 B, adjustable

Suitable for the stationary spring compressor **KL-5501 B**.

- For mounting the spring compressor on a MODULO trolley (**KL-4999-12x A / 1507 XL**)
- Height-adjustable** in three positions
- Wall mounting possible, but then the use of the hand crank of **KL-5501-40** is inconvenient.

**NEW**

Code	No.	Design	Distance drive to the wall	Weight
3461068	KL-5501-210	adjustable	105 mm	10 kg

€234.95  
+ VAT

## KL-5501-212 WALL BRACKET long

Fits **KL-5501 B** (NOT for **KL-5501**).

- The long wall bracket enables stable mounting of the stationary spring compressor **KL-5501 B** to a vertical wall
- Allows use of hand ratchet as well as the hand crank **KL-5501-40**

€145.00  
+ VAT

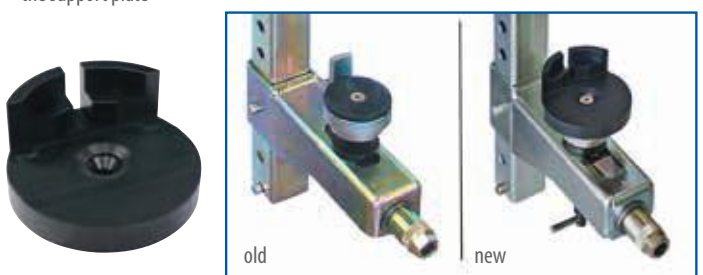

Code	No.	Distance between wall and the centre of the drive	Weight
3402169	KL-5501-212	245 mm	3.5 kg

4parts

## KL-5501-1431 PLASTIC SUPPORT for shock absorbers

- For modification of the **KL-5501** spring compressor to the newer version of the support plate

Code	No.	Overall height	Outside diameter	Weight
2793520	KL-5501-1431	47 mm	100 mm	180 g

€69.00  
+ VAT

Made in Germany

KL-5501-191

## CONVERSION KIT compress unit, long

Fits KL-5501.

- Enables securing of complex shock absorbers which have a very small mounting surface on the shock absorber tube
- By using KL-5501-191 and KL-5501-192, KL-5501 can be converted to KL-5501 B

€399.00  
+ VAT

Code	No.	Weight
3244032	KL-5501-191	2.8 kg

Made in Germany

KL-5501-192

## CONVERSION KIT for the support

Fits KL-5501.

- Enables the extended adjustment of the lower support
- By using KL-5501-191 and KL-5501-192, KL-5501 can be converted to KL-5501 B

€229.00  
+ VAT

Code	No.	Weight
3244059	KL-5501-192	3 kg

KL-0056-11 EA

## SHOCK ABSORBER PISTON ROD TOOL KIT with foam insert

Fits universally for McPherson struts on passenger cars.

- For quick loosening and tightening of the the piston rod nut on McPherson struts.

Advantages:

- Holder with 5/16" bit drive
- Holder with 1/4" socket drive
- Open 12 point sockets

Suitability: universal

Made in Germany

€304.98  
+ VAT

18parts

Code	No.	Content	Weight
3456226	KL-0056-11 EA	Socket, open SW 16-21 mm   holder for 5/16" bits and 1/4" sockets, Screwdriver bit SW 5-7 mm, T50, XZN121 2-point socket, 6-8 mm   open-ended spanner with ring ratchet 19 mm Combination spanner 10 mm, foam insert	1.5 kg

KL-0050-510 A

## SHOCK ABSORBER PISTON ROD TOOL KIT

Made in Germany

Fits Mercedes C-Class (W203) and CLK (W209) front axle.

- For loosening and tightening the shock absorber piston rod nut (locknut)

€39.00  
+ VAT

NOTE:

KL-0050-51 A shock absorber lock nut spanner (Code 3448568) same as KL-0050-510 A but without the Allen key insert

KL-0029-200 K

# REMOVAL AND INSTALLATION TOOLS

for McPherson suspension struts

Suitable for McPherson suspension struts in combination with the vehicle-specific supplementary kits.

- TIME, COST-SAVING and EFFICIENT, simply HELPFUL!**
- Unique special device for compressing or reducing the overall length of the suspension strut
  - Enables an extremely quick removal and installation of McPherson suspension struts, particularly for vehicle axles with suspension strut clamping holes
  - Extremely high time and cost savings, as there is no need to loosen axle parts and no wheel alignment is required
  - Spring shape and spring pitch are completely irrelevant here
  - No intervention in the spring necessary
  - Maximum user safety
  - Simplest handling
  - High load capacity
  - 4-fold safety

**Necessary accessories:**  
Vehicle-specific supplementary kits - KL-0029-1..

Suitability:

Code	No.	Load (max.)	Span* (min/max)	Clamping range*	Storage	Drive for compression nut
3434419	KL-0029-200 K	17500 N	250 - 410 mm	160 mm	in case	27 mm

\* = without support plate

KL-0029-152

## SUPPLEMENTARY KIT

Ford, size 8

Fits Ford front axle suspension struts, for example, Ford Kuga I and Kuga II (DM2).

- For the quick removal and installation of the McPherson strut
- Only in combination with the basic tool KL-0029-100 / -100 A

3parts

Code	No.	Content	Size	Weight
3419290	KL-0029-152	1x Support ring size 5I 1x Complementary kit Ford, size 8, small	8	2.5 kg

KL-0104-21 KB

## ADJUSTABLE SPREADING TOOL

with wedges (Nos. 1 + 2 + 4 + 5)

Suitable for strut clamping holes and support joint mounts.

- Enables the professional widening of the strut clamping hole or the lower suspension joint mounting
- To pull out stuck shock absorber units or suspension joints without damaging them

### Advantages:

- No slipping of the spreading tool!
- No over-expansion of the strut clamping hole thanks to expansion wedges with stop!
- No damaging of the cast metal or aluminium steering knuckle housing!
- Off-centre clamping slots are no problem!

Suitability: universal, especially for:

6parts

Code	No.	Spreading dimension	Weight
3269396	KL-0104-21 KB	Wedge 1: a=5.5 mm, b=12.0 mm / wedge 2: a=2.0 mm, b=8.0 mm / wedge 4: a=5.5 mm, b=9.5 mm / wedge 5: a=12.5 mm, b=17.0 mm	1.75 kg

€429.00 + VAT

KL-0033-10 E Z

## INTERNAL-TYPE SPRING COMPRESSOR

compact, with size 2A and 0A

Universal fit for chassis springs on transverse and trailing arm axles, for example on Audi A4 B8 (8K), A5 (8T), A6 (C7 / 4G), A7 (C7 / 4G), Q5 (8R); Mercedes-Benz E-Class (W211, W212), C-Class (W204), GLA (X156), GLK (X204); Ford Focus II (MK2); BMW 1 Series (E81); VW Passat (B8/3G).

- Enables the quick and safe removal and installation of chassis springs
- For very small through holes (approx. 34 mm dia.) in the wishbone

### Advantages:

- Very compact design (approx. 34 mm diameter)
- No wheel alignment necessary
- Very high time saving
- Very safe compressing due to 3-point safety locking
- no sudden moving of the spring while compressed

### Recommended accessories:

KL-0033-300 E- Hold-down device kit with foam insert

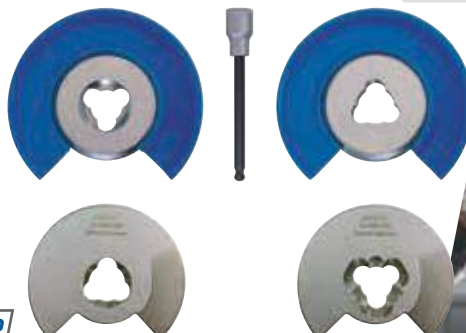

Suitability: universal, especially for:

Code	No.	Max. load:	For spring diameter	Operating stroke	Span	Compressor cylinder diameter
3421198	KL-0033-10 E Z	30000 N	80 mm (inside) to 130 mm (outside)	100 mm	116 - 216 mm	approx. 34 mm

6parts

€609.00 + VAT

Application video

KL-0033-300 E

## HOLD-DOWN DEVICE KIT

transverse and trailing arms

Made in Germany

5 parts

without hold-down device

€150.00 + VAT

with hold-down device

Fits universally for chassis springs on wishbone and multi-link axles, for example on VW-Audi, Porsche, Mercedes, BMW, Ford, etc.

- Facilitates the disassembly and installation of chassis springs on wishbone and multi-link axles
- The multi-link remains in original position for more room
- Increases space for spring replacement

Suitability: universal, especially for:

KL-8041-300

## PREMIUM WHEEL BEARING PACKAGE

Made in Germany

Universal fit.

- For a professional removal and installation of wheel bearings, wheel hubs and cardan shafts
- Even extremely stuck or rusty wheel bearings, can be easily pulled off with the hydraulic cylinder

Necessary accessories: Hydraulic pump

68 parts

## ASSEMBLY TROLLEY MODULO

**The mobile workplace for wheel  
bearing and silent block - repairs**

The hand tools and drive parts included in the trolley mean that the tools required for the application are available at any time. No additional hand tool trolley is required.

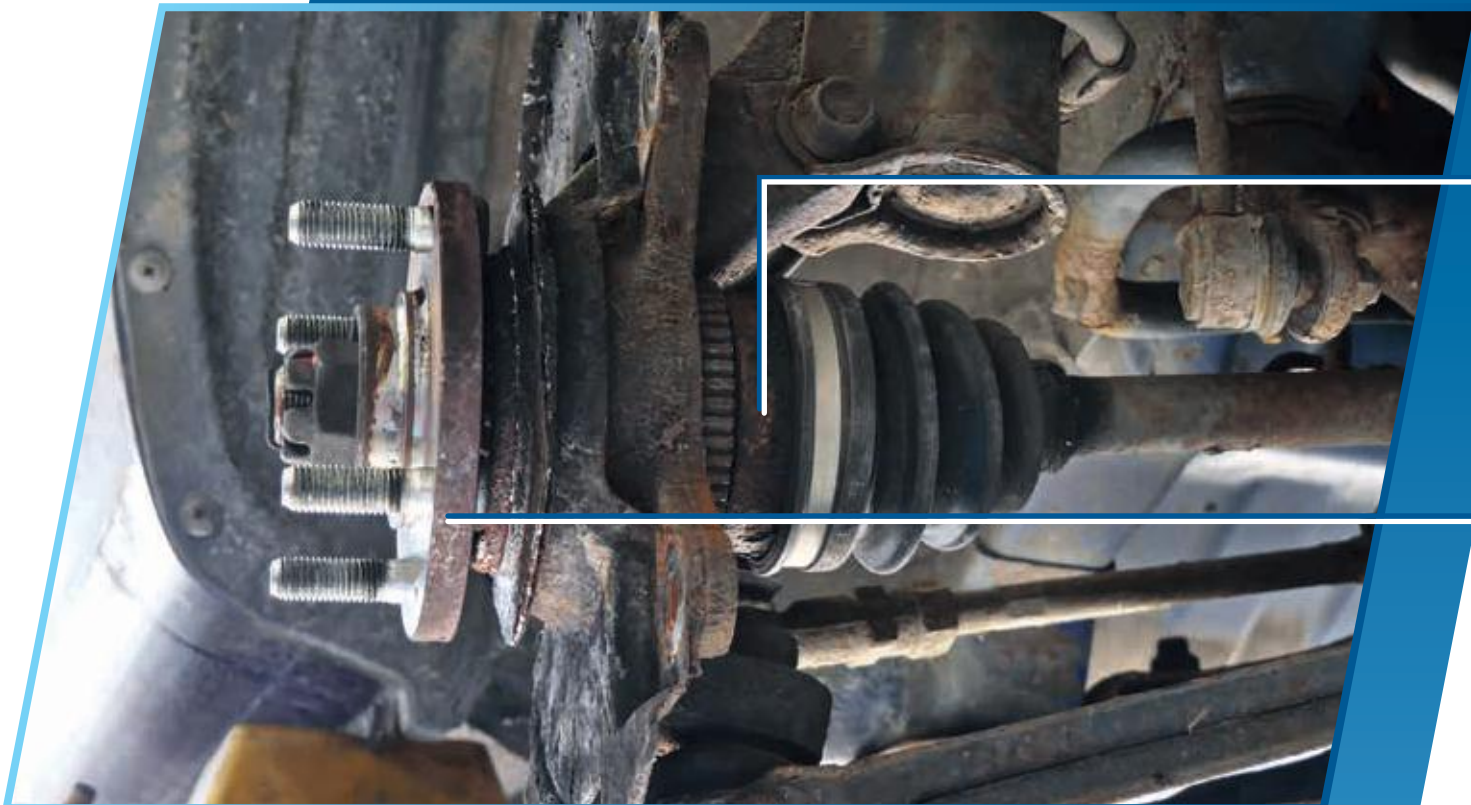

Additionally, it offers an ideal work surface with its large, solid multiplex countertop. The drawers are equipped with individual pull-out stops and full extension.

Dimensions: W 1.200 x H 985 x D 635 mm

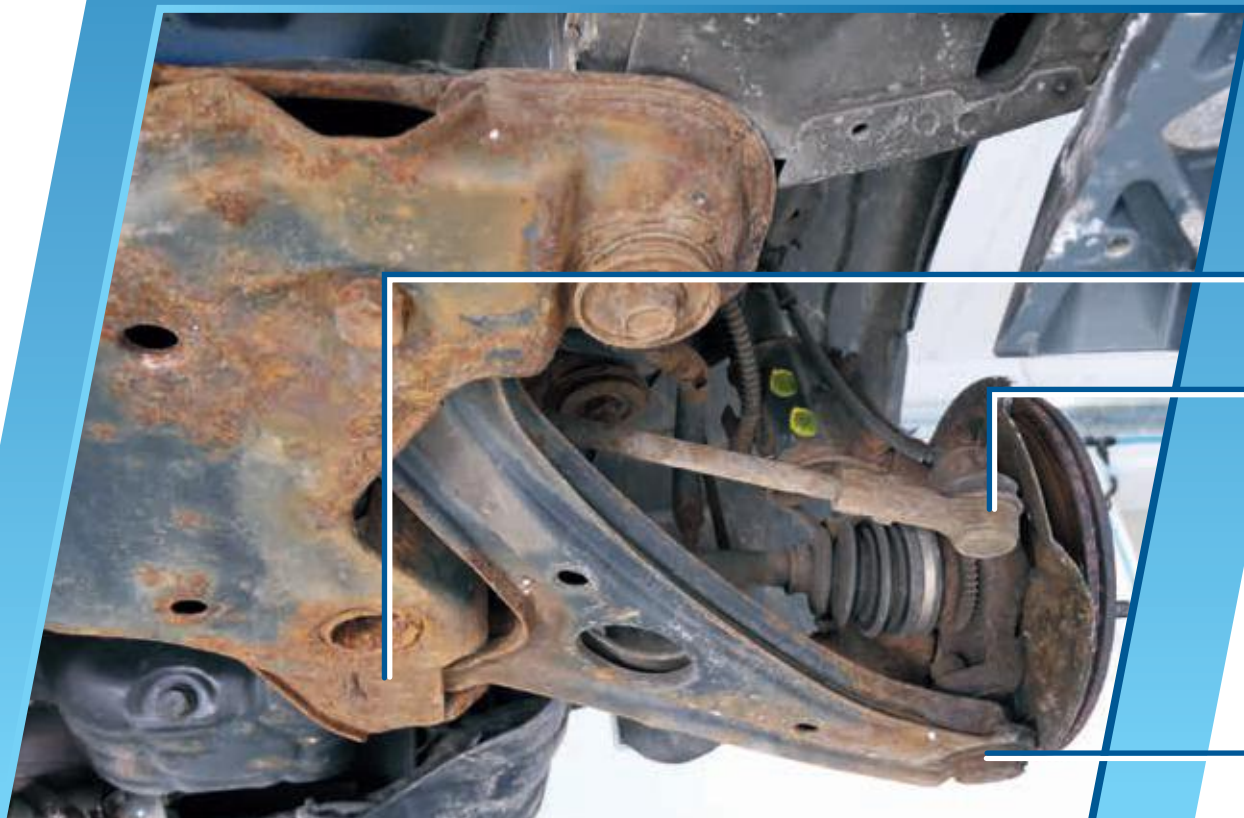

**MODULO KL-4999-250 / -260 / -270 /**

**MODULO FOR AXLE REPAIRS:**  
*Once invested perfectly  
equipped for the future!*

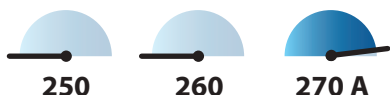

## Drive shaft and wheel bearing/hub

### Wheel bearing inner race

- Pulling off bearing inner race
- for example wheel bearing 1st and 3rd generation

### Drive shaft

- Pressing out the drive shaft from the wheel hub
- Inserting the drive shaft into the wheel hub

### 1. Generation wheel bearing

- Pulling off wheel hub
- Removal and installation of wheel bearing
- Installation of wheel hub
- for example also **Mercedes Vito/Viano HA, Audi Q7 HA**

### 2. Generation wheel bearing

- Removal and installation of wheel hub bearing units
- with and without spring ring
- without load on the new wheel bearing during installation
- for example **VW-Audi, Ford, Mazda, Volvo, ...**

### 3. Generation wheel bearing

- Removal of stuck wheel hub bearing units
- Removal of extremely stuck wheel hub bearing units with **Subaru**, etc.

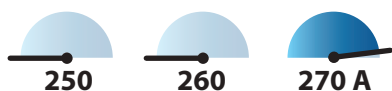

## Silent block and ball joint

### Ball Joint Separation

- Breaking of ball joint connections
- for example suspension joint, track rod, etc.

### Ball joint

- Removal and installation of ball joints directly on the vehicle

### Silent block

- Removal and installation of silent blocks directly on the vehicle
- With and without press frame

# MODULO ASSEMBLY TROLLEY

## "MODULO 260" ASSEMBLY TROLLEY

The assembly trolley is the ideal mobile workstation for fast, organised, and efficient repairs on under carriage of vehicles.

### Content / range of application:

- Various drive parts for operating the tool kit
- Removal and insertion of wheel hub bearing units
- Separating of wishbones from the support joint clamping hole
- Removal and insertion of wheel bearings and hubs
- Removal of bonded and jammed joint shafts
- Pulling and forcing into place of support/guide joints, silent blocks and joint bearings
- Pulling of stuck screwed wheel bearing units
- Also suitable for Subaru wheel bearings as well as Ford/Mazda/Volvo silent blocks rear axle
- The universal solution for nearly all axle repairs
- Various helpful hand tools

### Required drive parts:

KL-0215-35 M25 - Hydraulic pump

### KL-0215-35 M25 HAND PUMP (manual)

- The hydraulic hand pump can be used as a drive for the KL-0040-2500 or KL-0040-1700
- The ton scale allows to check the hydraulic pressure and the required power during the work

Suitability: universal

Code	No.	Pressure (max.)
2478641	KL-0215-35 M25	700 bars

### KL-0215-36 M25 FOOT PUMP (pneumatic)

- Can be used for hydraulic cylinder drive
- Compressed air is used as driving
- Foot pedal with three positions for pumping, holding and relieving
- Both hand are free for the work

Suitability: universal

Code	No.	Pressure (max.)	Operati
2478706	KL-0215-36 M25	700 bars	8

Universal applicable for repairs on wheel bearings, steering and axle systems on passenger cars and vans.

Made in Germany

KL-4999-270 A

## "MODULO 270 A" ASSEMBLY TROLLEY

The assembly trolley is the ideal mobile workstation for fast, organised, and efficient repairs on under carriage of vehicles.

### Content / range of application:

- Various drive parts for operating the tool kit
- Removal and insertion of wheel bearings and hubs
- Removal and insertion of wheel hub bearing units
- Separating of wishbones from the steering knuckle clamping hole
- Removal of bonded and jammed joint shafts
- Pulling and forcing into place of support/guide joints, silent blocks and joint bearings
- Pulling of stuck screwed wheel bearing units
- Counter-holding of wheel hubs when loosening and tightening the wheel bearing central bolt
- Pulling of stuck wheel bearing inner rings from the wheel bearing
- Compressing of ear O-clips and locking of stepless hose clips
- Separating of ball joint connections on steering and axle systems
- Loosening and tightening of inner tie bar joints or axial joints
- Also suitable for Subaru wheel bearings as well as Ford/Mazda/Volvo silent blocks rear axle
- The most comprehensive solution for almost any axle repair
- Also for removing inner ring bearings and breaking breaking of ball joints on passenger cars and light commercial vehicles
- Various helpful hand tools
- **Reshaping of stud bolt threads at the wheel hub**
- **Inserting cardan shafts**

Suitability: universal

## SURFACE-MOUNT WORKTOP for KL-4999 series / 1507 XL

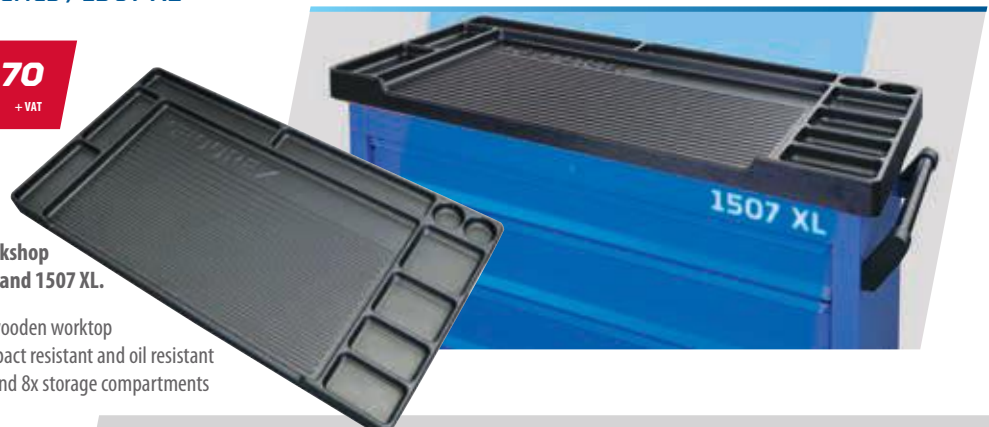

Made in Germany

€86.70 + VAT

Fits the MODULO workshop trolley KL-4999-12... and 1507 XL.

- To be placed on the wooden worktop
- Extremely robust, impact resistant and oil resistant
- With 2x can shelves and 8x storage compartments

Code	No.	Inner plate dimension	Material	Weight
3428001	KL-4999-1280	1202 x 639 mm	Impact and oil resistant ABS hard plastic	3.2 kg

KL-0167-30 A

**ECCENTRIC WRENCH**

for removal and installation of the axial joint

Application video

€ 89.<sup>90</sup> + VAT

1/2"

Made in Germany

Fits universally for cars and vans.

- For the quick removal and installation of internal track rod or rod or axial joints with a Ø of 30 - 43 mm

**Advantages:**

- High time saving
- Without removing the steering gear
- Unique open construction
- Resistant profiling reliably prevents reliable slipping of the tool
- Direct mounting on the tie rod
- Drive via 1/2" square socket

Code	No.	Drive	For Ø (min.)	For Ø max.
3427900	KL-0167-30 A	1/2"	30 mm	43 mm

KL-4007-3270

**EXTENSION 700 MM, 1/2"**€ 35.<sup>90</sup> + VAT

1/2"

Universal fit.

- Especially suitable for KL-0167-30 / -30 A
- For hand-operated socket spanners
- With ball lock.

Code	No.	Drive/output	Length	Weight
3447707	KL-4007-3270	1/2"	700 mm	920 g

KL-0121-96 B

**CLAMPING PLIERS**

for steering and axle boots

Made in Germany

Fits axle boots, steering boots, cooling water hoses, fuel lines, etc.

- For professional closing of stainless-steel pinch clamps and tension clamps

**Advantages:**

- Torque tightening possible
- Including exchangeable pliers fingers
- Pliers fingers can be mounted at the FRONT or at the SIDE

Suitability: universal, especially for:

3/8" 5parts

## RETHREADING TOOL FOR WHEEL STUDS (M12x1.5)

Universally applicable on wheel studs and wheel bolts with M12x1.5 thread.

- Quick and cost-saving rethreading of damaged threads
- Thread is remoulded to its original geometry
- No material removal
- Strength of the wheel bolts/screws is retained
- Compact design
- Including pipe socket wrench SW 41
- Thread size covers approx. 80%
- For vehicles with wheel studs!

# PNEUMATIC INJECTOR EXTRACTOR

in a patented  
protective housing

**NEW**

€ **659.00** + VAT

Universal fit for BOSCH and DELPHI diesel injectors with M17x1 female thread and M14x1.5 male thread, for example on PSA, Fiat, Mercedes, VW-Audi, Renault, Nissan, Opel, Toyota, etc.

- For quick, semi-automatic extraction of tight-fitting injectors
- Extremely high impact frequency for loosening coking and rust
- Compact design for confined spaces
- **Maximum safety:**  
No exposed moving parts (internal impact weight)
- **Safety shut-off:**  
Shut-off by releasing the hand switch
- Thanks to supplementary kits **KL-0186-128... A** or **KL-0186-9...** suitable for many other injectors

Suitability: universal, especially for:

**MERCEDES** **PSA** **FORD** **VW** **AUDI**  
**SEAT** **ŠKODA** **MAZDA** **VOLVO**

**GLOW PLUG THREAD REPAIR KIT**

(M8x1 + M10x1)

Made in Germany

€409.<sup>00</sup> + VAT

Fits universally for diesel engines with M8x1 + M10x1 glow plug thread.

- For the repair of damaged glow plug threads on the cylinder head
- No need to replace the cylinder head
- In combination with KL-0283-7021 A and KL-0283-7022 (KL-0132-52 KB)

22 parts

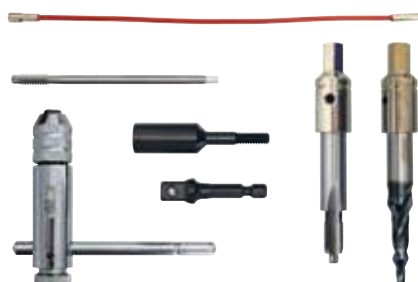

Code	No.	For engine type	for thread	Storage
3431843	KL-0132-57 K	Diesel	M8x1   M10x1	in case

KL-0132-62 KB

**GLOW PLUG TOOL KIT**

M10x1.25 universal

Made in Germany

€409.<sup>00</sup> + VAT

Suitable for diesel engines with M10x1.25 glow plug thread, e.g. on Opel, Mazda, Ford, Hyundai, Honda, Kia, Mini, Nissan, Toyota, etc.

- For easily boring out torn glow plugs
- For recutting and cleaning the original thread on the cylinder head
- For pulling out the glow plug element
- No need to remove or replace the cylinder head

KL-4051-310

**IN-HEX SOCKET KIT**

Polydrive M10

**NEW****€16.90**  
+ VAT

Universal fit.

- For unscrewing and tighten Polydrive M10 screw connections
- For cylinder head bolts and camshaft adjusters on VW-Audi engines

Code	No.	Profile	Drive (square)	Weight
3452956	KL-4051-310	M10 Polydrive	1/2"	250 g

KL-4077-10 K

**ARTICULATED RING SPANNER KIT**

Open, 150 mm

**NEW****€120.00**  
+ VAT

Universally suitable for hard-to-reach line screw connections on the vehicle, e.g. on fuel systems, brake systems, hydraulic steering systems, exhaust systems and much more.

- For simple unscrewing and tightening line screw connections
- Extra-long, open spanner design with swivel head

Code	No.	Profile	Drive (square)	Length (chain sprocket)	Design	Swivel angle	Spanner sizes
3459993	KL-4077-10 K	12-edge	3/8"	150 mm	open   with joint	90 °	12 / 13 / 14 / 17 / 19 / 22 mm

KL-0124-43

**OIL PUMP WITH CONTAINER**

12 litres

**€479.90**  
+ VAT

Universally applicable.

- For safe and quick filling of transmission, differential, engine, power steering, etc.
- The tank can be pressurised using the compressed air supply
- Both hands remain free for precise dosing during filling
- Manual operation possible using a manual feed pump
- Also suitable for very tight spaces or places that are difficult to access
- Incl. extensive range of adapters

Code	No.	Filling quantity	Working pressure (max.)	Drive type	Hose length	Weight
2871726	KL-0124-43	12 litres	2.5 bars	Manual / pneumatic	210 mm	5.9 kg

KL-0124-4360-1

## ADAPTER, MERCEDES-BENZ 725.0

Suitable for Mercedes-Benz 9G-Tronic automatic gearbox (type 725.0).

- For professional draining and filling of the gearbox oil
- Only in conjunction with oil pump KL-0124-43

**NEW**

**€64.90**  
+ VAT

Code	No.	Weight
3445127	KL-0124-4360-1	160 g

KL-0124-4358-10

## ADAPTER, VW, DSG

Suitable for VW- Audi with 7-speed DSG gearbox (DL382 series) arranged longitudinally.

- For filling the gearbox
- Only in combination with KL-0124-43

Code	No.	Length	Width	Weight
3236935	KL-0124-4358-10	127 mm	22 mm	90 g

KL-0124-4359

## ADAPTER angled

Suitable for VW-Audi with transversely arranged 7-speed DSG gearbox (DQ200 series).

- For filling the gearbox
- Only in combination with KL-0124-43

Code	No.	Length	Width	Height	Weight
3235556	KL-0124-4359	55 mm	36 mm	20 mm	90 g

A strong partnership in an increasingly complex working environment.

In a close technical exchange, we develop special solutions for and with SCHAEFFLER REPPERT in the areas of clutch, drive, and chassis.

GEDORE customers get the jointly developed special tools in the genuine SCHAEFFLER REPPERT case.

KL-0282-53 KA

## TIMING CHAIN SPROCKET PULLER VW 1.2 TSI

Made in Germany

**€269.00**  
+ VAT

Fits VW-Audi, Seat, and Škoda with 1.2 TSI petrol engines.  
(Engine code: CBZA, CBZB, CBZC)

- Required for professional removal and mounting of the timing chain sprocket on the crankshaft
- For pushing the shaft seal ring in the control housing cover
- No lowering of the engine required
- Flywheel locking tool included

Suitability: **VW** **AUDI** **SEAT** **ŠKODA**

5 parts

## DOUBLE CLUTCH BASIC TOOL KIT

€599.<sup>00</sup> + VAT

Universal fit for VW-Audi, Seat, Škoda, Renault, and Ford PKW with dry double clutch systems.

- Enables the professional repair of LuK\* double clutch systems (dry clutch design)
- Only in combination with the vehicle-specific supplementary kits of the KL-0500-Series

KL-0500-81 KA (Code 3411648)

## DOUBLE CLUTCH SUPPLEMENT FOR VW

€695.<sup>00</sup> + VAT

Fits VW-Audi, Seat, and Škoda with dry double clutch systems, for example DSG gearboxes of the 1st or 2nd 0AM generation.

- Enables the disassembly, assembly, and adjustment of dry double clutch systems
- Only in combination with KL-0500-80 KA basic tool

KL-0500-90 K (Code 3411591)

## DOUBLE CLUTCH TOOL KIT FOR VW

€659.<sup>00</sup> + VAT

Fits VW-Audi, Seat, and Škoda 7 geared double clutch gearbox (DQ250, DQ380, DQ381, DQ500) with wet clutch.

- For professional disassembly or installation and adjustment of double clutches
- Required, for example, when installing the LuK RepSet 2CT (602 0018 00 or 602 0022 00)

KL-0500-83 KA (Code 3411605)

## DOUBLE CLUTCH SUPPLEMENT FOR FORD

€422.<sup>80</sup> + VAT

Suitable for Ford with a dry double clutch system (e.g. DPS6 gearbox).

- Enables the disassembly, assembly, and adjustment of dry double clutch systems
- Only in combination with the KL-0500-80 KA basic tool kit

KL-0500-82 KA (Code 3411613)

## DOUBLE CLUTCH SUPPLEMENT FOR RENAULT

€449.<sup>00</sup> + VAT

Suitable for Renault with a dry double clutch system, e.g. DC4 gearbox.

- Enables the disassembly, assembly, and adjustment of dry double clutch systems
- Only in combination with the KL-0500-80 KA basic tool kit

KL-0500-71 KA (Code 3411702)

## DOUBLE CLUTCH RESETTING TOOL

€799.<sup>00</sup> + VAT

Fits Renault and Ford passenger cars with 6-speed double clutch gearboxes DC4 (Renault) and DPS6 (Ford).

- For professional resetting of the transport lock on the double clutch
- Required, if the double clutch is to be reused after the removal
- Only in combination with the KL-0500-80 KA basic tool kit

KL-0500-72 K (Code 3411672)

## DOUBLE CLUTCH TOOL KIT FIAT (C635)

€729.<sup>00</sup> + VAT

Fits Alfa Romeo, Fiat, Jeep, and Suzuki 6-speed double clutch gearbox (C635) with dry clutch.

- For professional disassembly or installation and adjustment of double clutches
- To reset the transport lock of an already used dual mass flywheel
- Required, for example, when installing the LuK RepSet 2CT (602 0003 00 or 602 0004 00)

KL-0500-61 KA (Code 3411540)

## DOUBLE CLUTCH SUPPLEMENTARY KIT

€203.<sup>80</sup> + VAT

Enables the LuK double clutch special tool (LuK 400 0240 10) to be upgraded to the scope of delivery of the current double clutch basic tool kit KL-0500-80 KA and the double clutch supplement for VW KL-0500-81 KA.

KL-0414-2

**DRIVE SHAFTS DISASSEMBLY LEVER**

**€135.00**  
+ VAT

Universally suitable for passenger cars and vans with plugged-in drive shafts on the gearbox.

- For a simple pressing out of drive shafts
- Optimum support due to adjustable articulated foot

Suitability: universal, especially for:

- ALFA ROMEO** **BMW** **CITROËN** **DACIA** **FORD**  
**FIAT** **MAZDA** **MINI** **NISSAN** **MERCEDES** **PEUGEOT**  
**VAUXHALL/OPEL** **RENAULT** **TOYOTA** **KIA** **HYUNDAI**

**MICRO VIDEOSCOPE**  
Ø 3.9 mm

Universally applicable on cars, vans, commercial vehicles, buses, construction machinery, agricultural machinery.

- Enables quick and easy inspection of extremely difficult-to-access components
- For professional damage analysis on engines, transmissions, intake systems, etc.
- Extremely slim Ø 3.9 mm micro camera with 1280x720 pixels
- Dust- and water-proof lens with adjustable LED illumination
- ±180° swivel angle due to 2-way joint
- Live viewing via 5.0" HD colour display with zoom, rotate and mirror function
- Photo and video documentation with date and time stamp
- Incl. 8 GB microSD card and powerful 3.7 V lithium-polymer battery (5000 mAh)
- Connection with smartphone, tablet and laptop etc. possible
- Direct playback of photos and videos on the display

**€699.00**  
+ VAT

**CLEANING VIDEOSCOPE**

Universally applicable on cars, vans, commercial vehicles, buses, construction machinery, agricultural machinery.

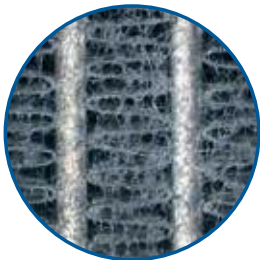

- Enables the localisation and targeted removal of contamination.
- Versatile use on the vehicle, for example...
  - ...for removing harmful and odour causing fungi, viruses, bacteria on the air conditioning evaporator in the heating or blower box.
  - ...for loosening deposits and abrasion caused by DSG clutches, brake bands or synchroniser rings inside manual, automatic or differential gearboxes.
  - ...to remove dirt build-up on water drains in the sill, water box, on the sunroof drain and other cavities.
  - ...for applying special cleaning solutions to clogged particulate filters (DPF), coked intake manifolds, EGR valves or dried-up Adblue® urea tanks.
  - ...for cleaning dirty ventilation ducts and hard-to-reach seat frames for cleaning work in the vehicle interior.
  - ...for flushing water and charge air coolers and much more
- The transversely mounted camera with LED lighting and cleaning nozzle also reaches hard-to-reach areas, e.g. the air conditioning evaporator
- Slim camera unit Ø 15 x 23 mm with powerful cleaning nozzle
- Dust- and water-proof lens with adjustable LED illumination
- For standard compressed air connection with 6 - 8 bar
- 250 ml container for cleaning fluids
- Live viewing via 3.5" colour display with zoom, rotate and mirror function
- Photo and video documentation with date/time stamp
- Incl. 8 GB microSD card and powerful 3.7 V lithium-polymer battery (1650 mAh)
- Direct playback of photos and videos on the display
